PROFILE INFO

Hello, my name is Mustapha. I am a Fullstack Developer with a strong passion for building modern and efficient applications. I am always eager to learn new technologies, improve my skills, and take on new challenges in the field of software development.

EXPERIENCE

Fullstack Developer

Developed multiple websites, including:

- **E-Commerce & Point de Vente (Caisse)** – Complete web application for online product sales and in-store commercial management using React.js, Node.js, Express.js, and MySQL.
- **School Management System** – Comprehensive, secure digital portal designed to streamline and manage daily school operations with JWT authentication and analytics dashboard.

Full-Stack Developer Intern

SmartExpress – Agadir (1 month)

- **Full-Stack Development** – Conceptualization and implementation of web applications, encompassing both user interface design and server-side logic.
